18. In the summer of 1951, a Border Guard headquarters, which controlled the sector between Dragoman and Trekliano, was stationed in Trun. Border Guard sub-posts of between 30 and 60 men were located in several villages. At that time, the old-style green uniform of the Border Guard troops was replaced by the

gray-brown Army uniform with green service color.

the Border Guards were selected during the registration for the draft. They had to serve for three years. Border Guards doing Border Guard duty were reassigned every six months. An NCO school of the Border Guard troops was located in Sukhodol.
